Section 4. Nothing in this Ordinance shall be construed in any way to prevent the proper authorities of the City of Detroit from sewerage, grading, planking, rocking, paving, repairing, altering, or improving any of the streets, alleys, avenues, thoroughfares and public highways, within the City of Detroit in or upon which the poles, wires, or other conductors of said Company shall be placed, but all such work or improvements shall be done, if possible, so as not to obstruct or prevent the free use of said poles, wires, conductors, conduits, pipes or other apparatus.

Section 7. In case it shall be necessary to cut or remove any of the said wires, cables or other telephone conductors or equipment of the said Grantee, in order to get fire ladders or other apparatus to a building during a city conflagration, the City of Detroit shall not be liable for any damages done to such wires, cables or conductors or equipment.

Grantee shall indemnify and save harmless the City of Detroit and its officers and agents against and from any and all claims, damages, cost and expense to which it or they may be subjected by reason of any act or neglect of Grantee, its agents or employees in any manner arising out of the construction, maintenance or operation of any property of Grantee in or upon any street, alley or public place within the City.

Section 9. Grantee shall furnish and file with the City Council a map or blueprint showing the location of all underground services and installations within the City, and shall bring said map up to date from time to time upon reasonable notice from the City Manager or the Council.
