

Santiam Canyon Long Term Recovery Group is offering Defensible Space (DS) Grants, made available through funding from the Community Wildfire Risk Reduction Project of the Oregon State Fire Marshall. Eligible applicants are encouraged to apply to receive a grant for reimbursement of up to **\$2,420 of expenses** incurred to implement the recommendations itemized on their completed Defensible Space Assessment form.

Grant Eligibility Requirements

Applicant must:

- Be a property owner with a primary residential structure within the following zip codes (**Santiam Canyon LTRG service area**):

97384 Mehama

97358 Lyons/Elkhorn

97360 Mill City

97346 Gates/Niagra

97342 Detroit

97350 Idanha/Marion Forks

- Have completed DS Assessment through OSFM trained assessor with photos.
- Have receipts for expenses *incurred to implement* the DS Assessment recommendations.

Steps of the Defensible Space Grant Process:

Step One: Applicant schedules site assessment.

Step Two: The applicant gets pre-approved for the Santiam Canyon Long Term Recovery Group Defensible Space Grant **BEFORE** implementing itemized recommendations from the Defensible Space Assessment.

Step Three: Applicant implements the recommendation(s) from their assessment checklist.

Step Four: Applicant submits the associated receipts via website upload or email to Santiam Canyon Long Term Recovery Group for reimbursement.

Step Five: Follow up with your assessor!

Step Six: The application is reviewed by the Santiam Canyon Long Term Recovery Group Board.
